

AFMENA

QUINTESSENTIAL COLLECTION

*our premium quality neutral coloured silk flowers
enhanced with fresh foliage to ensure the most natural look.*

Captures the best of nature's beauty and brings it indoors. Life-like silk Hydrangeas and roses are complimented with fresh foliage for a natural look. We are sure you will smell spring in the air when you walk into a room adorned with this collection.

We can repurpose floral arrangements from the Ceremony to the Wedding Breakfast room if both locations are at the same venue. In this case, Perspex plinths to place the flower arrangements on top of would be charged at £15 per item.
